Preparing for Change: Exiting or Transitioning Your Business

Are you prepared to maximize and realize your business's value? Do you have the structure in place to ensure a proper transition?

Join Anna Balinsky and Ted Shoub, Partners in Fraser Milner Casgrain's Private Enterprise Group, and Jordan Gould, Partner at SBLR Chartered Accountants, for an interactive discussion on one of the most critical issues affecting privately-held businesses today.

This seminar will focus on ownership and management transitions for a private business, reviewing the considerations that should be taken into account by a business person and how these are addressed in legal documents.

Topics include:

- The alternatives for exiting a business (3rd party sale, transfer to family members, or internal sale) and the implications of each
- The 8 steps involved in the sale process, and how to make them work to your advantage
- Tax minimization strategies for the sale/transfer of your business
- Structuring a purchase and sale
- Understanding the key features of a purchase agreement
